## THE PHANTOM OF THE OPERA 2022 SEASON DATES CONFIRMED

**SYDNEY OPERA HOUSE FROM AUGUST 19<sup>TH</sup> 2022**

**ARTS CENTRE MELBOURNE FROM OCTOBER 30<sup>TH</sup> 2022**

Opera Australia in association with **The Really Useful Group**, will present **Cameron Mackintosh's** spectacular new production of **Andrew Lloyd Webber's** *THE PHANTOM OF THE OPERA* in 2022. The much-anticipated production, originally scheduled for 2021, will now open at the **Sydney Opera House** in August 2022 and **Arts Centre Melbourne** in October 2022.

This exciting new production of *The Phantom of the Opera* broke box office history at the Opera House when tickets went on sale earlier this year. Existing ticket holders for this long-awaited production of one of the world's most successful musicals will be able to transfer to the new performance dates next year.

We are also delighted to confirm that **Josh Piterman**, **Amy Manford** and **Blake Bowden** will be playing the roles of the *Phantom*, *Christine*, and *Raoul* for the production's Sydney and Melbourne seasons next year.

Existing ticket holders will be contacted by email in the coming days about the new date that they will be attending. The email will include instructions on what to do if this date doesn't work for them.

New ticket buyers hoping to secure tickets to the Sydney and Melbourne seasons can join the waitlist at [opera.org.au/phantom](https://opera.org.au/phantom)
